Professional Summary

Proficient Android Developer with **4 years** of experience in building mobile apps using **Java and Kotlin**. Skilled in **MVVM** architecture, REST APIs, and Room database, with a strong focus on clean, scalable solutions. Passionate about ML/AR technologies and delivering high-performance, user-centric experiences.

Technical Skills

- **Android:**
 - Languages: **Java, Kotlin** (*Familiar with Jetpack compose*)
 - Frameworks & Architecture: **MVVM**, Clean Architecture
 - UI/UX: Material Design, Custom Views, Animations, Adaptive Layouts
 - APIs & Integration: RESTful APIs, Retrofit, Volley, Google APIs (Maps, FCM, Location, Text Detection, QR Code)
 - Database:** Room, SQLite, LiveData, Offline Caching
 - Asynchronous Programming: **Kotlin Coroutines**
 - Sensors & Hardware Integration:** Gyroscopes, Accelerometer, Camera, GPS, BT, NFC
 - Dependency Injection: Dagger-Hilt, Koin
 - Tools:** Android Studio, Git, Firebase, Anaconda, VS Code, Pycharm
 - Payment Gateways:** PayPal, Paytm, RazorPay, Mswipe, PineLabs
 - Emerging Technologies:** ML Kit, TensorFlow Lite, ARCore, VR/AR Development
 - Monitoring & Analytics: Firebase Analytics, Crashlytics, Google Analytics

Work Experience

Ginesys, Gurgaon, Haryana Mar 2023 - Present

Android Developer

- Developed and maintained Android apps for POS, inventory, and order management systems. Integrated scalable APIs, enhanced UX with dynamic UI, and ensured seamless offline support. Collaborated cross-functionally to align app functionalities with business goals.

Eminence Innovation, Rohini, Delhi Mar 2022 - Mar 2023

Android Developer

- Delivered eCommerce, multivendor, tourism, and taxation apps using clean architecture and latest tech. Ensured responsiveness, app performance, and modern UI standards with agile delivery.

TradekeyIndia, Uttam Nagar, Delhi Aug 2020 - Feb 2021

Android Developer

- Designed B2B mobile platforms connecting global buyers and sellers. Focused on intuitive UI and streamlined navigation for optimal trading experience

Education

Bachelor of Computer Applications (BCA) Delhi-2023

Mahan Institute of Technology — IGNOU

Relevant Coursework: Object-Oriented Programming, Java Programming, Data Structures and Algorithms, Advanced Algorithms, Operating Systems, Computer Networks, Database Management Systems (DBMS), Web Technologies, Discrete Mathematics, Machine Learning, Data Mining, Information Retrieval, Image Processing

Strength & Hobbies

- Adaptable and detail-oriented Android developer with a strong grasp of clean architecture and modern development practices. Passionate about learning emerging technologies like ML/AR and solving real-world problems through code. Enjoys strategic thinking through chess, participating in coding challenges, and unwinding with anime in free time.
